

SPARKLING PERFORMANCE FOR MATTE COATINGS

NduroMatt™ micronized matting agents offer powerful protection for paints and coatings against burnishing, rubbing, mars and scratches.

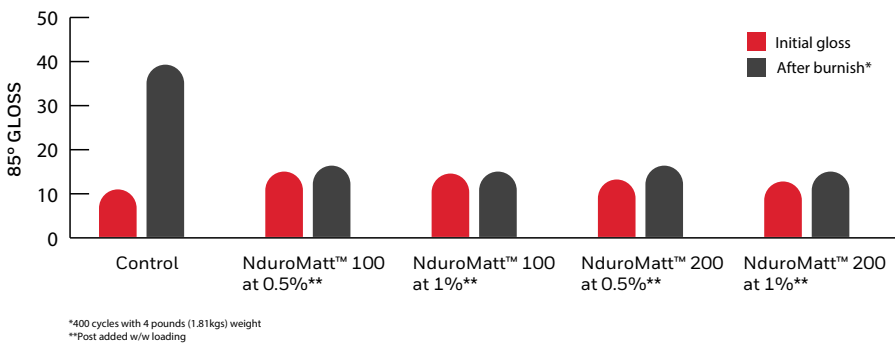

NDUROMATT™ PRODUCT GROUPS

PRODUCT	18 MICRON	12 MICRON	6 MICRON
NduroMatt™ 100 Series	100	101	102
NduroMatt™ 200 Series	200	201	202
NduroMatt™ 300 Series	300	301	302

2-3 X
IMPROVED
PROTECTION THAN
CONVENTIONAL
MATTING AGENTS

BEAT ABRASIONS AND BURNISHING

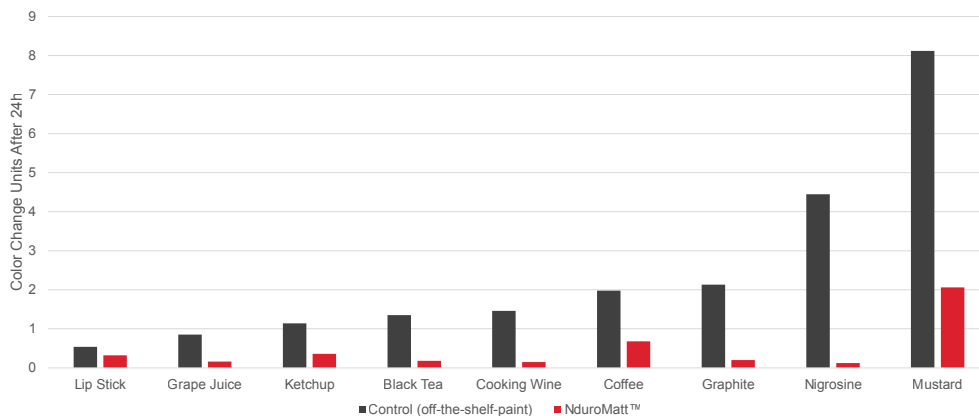

Recommendation for performance improvement of matte coatings matted with conventional matting agents (0.5 – 2% w/w, post add):

VALUE PROPOSITION	WATER BASED ACRYLIC/VINYL	SOLVENT-BASED 2K POLYURETHANE	SOLVENT-BASED ALKYD
Burnish Resistance*	++		++
Rub/Mar Resistance*	++		++
Storage Stability*	+		+

++ Significantly better than conventional matting agents | + Better than conventional matting agents - Is equal to conventional matting agents
